Concealment Vests

Summer is here, and it's going to be hot. We have a line of concealment vest for sale which were designed expressly to conceal your handgun in hot weather. The vest are made of a very lightweight material that breathes, and they're cut to hide your equipment without printing. They are available in a variety of colors, including black, light tan, slate gray, light blue, and olive green. We also have fanny packs, belly bands, and other hot weather gear. Violence occurs year

round, and actually increases in hot, muggy weather. Don't be caught unprepared.

Our own, Col. Jim Shearin, modeling one of the concealment vests available at Rangemaster.

Physician Control

Number of doctors in the US= **700,000**

Number of deaths due to medical accident or malpractice in one year = **120,000**

Statistics from US Dept of Health and Human Services.

Number of gun owners in the US= **80,000,000** (Yes, 80 million)

Number of annual accidental gun deaths, all ages and groups= **1,500**
Statistics from the FBI.

So, statistically, doctors are approximately 9,000 times more dangerous to you than gun owners are. Let's ban doctors (it's for the children).

HANDGUN COURSES AT RANGEMASTER

Level III, July 16-17th, Sat.-Sun., 9 a.m.-1 p.m.

Level IV, August 27-28th, Sat.-Sun., 9 a.m.-1 p.m

SOUTH NARC ECQC Class June 11th

South Narc is a highly experienced narcotics agent on the Gulf Coast, hence his nom de guerre. In the course of numerous undercover drug operations, he has been the object of several attempts to murder him at what he refers to as “kissing distance”. Unfortunately, many assaults, rapes, and robberies are initiated at these extreme close quarter distances. Effective defense at close quarters is an extremely vital skill.

South Narc will be at Rangemaster on Saturday, June 11th, to conduct a one day Extreme Close Quarters Combat course. The ECQC course will consist of the first half of the day on the pistol range, firing live ammunition to learn the basic skills. The second half of the day will be spent in protective gear, using Simunitions guns in live force on force exercises against living opponents, learning to put the skills into actual use. On Sunday, he will offer a separate 4 hour Practical Unarmed Combat segment. The PUC teaches simple, effective hand to hand techniques that blend with the gun skills taught on Saturday. Highly recommended. There are a few slots left in these courses. Call 901-370-5600 to register.

Annual Handgun Instructor Course

On August 12-14, 2005, which is Friday through Sunday, Rangemaster will conduct our annual Handgun Instructor Certification Course. This is an intensive three day course, with a lot of range time plus a great deal of classroom training. You will fire a variety of handgun types and become familiar with their operation. You will learn to teach/coach other shooters, and maximize your own performance as a shooter. In the classroom you will learn more about "why" we teach what we teach and adult learning theory and practice. The tuition of \$399.00 includes around 700 rounds of ammunition. Graduates become licensed as State Certified Handgun Instructors in Tennessee.
